Brock K. Phillips Sr.

Founder and Principal at Nuvara · Federal benefits professional · U.S. Army veteran

brock@nuvaraai.com | nuvaraai.github.io/brockphillipssr | nuvaraai.com/contact

Founder of Nuvara, federal benefits professional, U.S. Army veteran and published author. Brings evidence analysis, investigative judgment and clear documentation to benefits authorization, operational decisions and practical technical systems. Defines requirements, directs AI-assisted implementation, organizes verification and makes release decisions across web systems, infrastructure, learning tools and business workflows.

CORE CAPABILITIES

Evidence analysis, investigative interviewing, record reconciliation, procedural compliance, program coordination, product requirements, technical documentation and quality review.

PROFESSIONAL EXPERIENCE

Founder and Principal

Nuvara | 2025-present

- Translate practical needs into product requirements, system designs, acceptance criteria and operating procedures.
- Direct AI-assisted implementation and human review across web systems, learning tools, business workflows, research and media.
- Organize source evidence, testing, diagnostics and release records to show actual outcomes and remaining dependencies.

Veterans Service Representative

U.S. Department of Veterans Affairs | February 2020-present

- Perform authorizer duties, reviewing proposed benefits awards, evidence and notices for accuracy, completeness and procedural compliance before payment.
- Reconcile records, identify conflicting or missing evidence, and document clear corrective guidance under established procedures.
- Maintain electronic case documentation for continuity and quality oversight while protecting confidential information.

Youth Program Assistant / Youth Sports and Fitness Specialist

Department of the Army | 2014-2020

- Coordinated sports, fitness and youth activities, including schedules, equipment, safety practices and program records.
- Worked with families and staff to apply Army program standards consistently and maintain accountability.

Sergeant · Counterintelligence and Utilities Equipment Repair

U.S. Army | July 1997-March 2014 military service

- Specialty experience: 3 years and 1 month in counterintelligence; 13 years and 1 month in utilities equipment repair. Held the rank of Sergeant.
- Conducted investigative inquiries, reconciled source information and prepared findings; earlier work covered maintenance, safety, inventory and personnel training.

Technical work & development

Brock K. Phillips Sr. | Human-directed, AI-assisted projects

SELECTED PROJECT PRACTICE

Nuvara platform and Core HALO workflows

Directed public web delivery and private operating workflows around requirements, task policies, evidence receipts, diagnostics and human approval.

Scope: Public website live; private systems continue through separate readiness checks.

CyberTex infrastructure and cloud capstone

Led lab direction and evidence organization for Proxmox, Windows Server, Active Directory, DNS/DHCP and team AWS architecture documentation.

Scope: Real lab observations and architecture deliverables; final live application integration remains separate.

EDUCATION

Associate of Arts | General Studies, Criminal Justice Curriculum

University of Maryland Global Campus, formerly UMUC | Awarded May 2016

Network Engineer training | Infrastructure, networking, and cloud coursework

CyberTex Institute of Technology | In progress as of October 2026

COMPLETED COURSES

Nine completed uCertify and Cisco Networking Academy courses. These completion records do not establish passed vendor certification examinations.

COURSE	PROVIDER	COMPLETED
Operating Systems Basics	Cisco Networking Academy	2025-11-17
CompTIA A+ Core 2 (220-1202)	uCertify	2025-12-23
Computer Hardware Basics	Cisco Networking Academy	2026-01-18
CompTIA Linux+	uCertify	2026-06-01
CompTIA Security+ (SY0-701)	uCertify	2026-08-06
CompTIA Server+	uCertify	2026-10-01
AZ-900: Microsoft Azure Fundamentals Certification Training	uCertify	2026-10-01
CompTIA CYSA+ (CS0-003)	uCertify	2026-10-03
AWS Certified Cloud Practitioner (CLF-C02) training	uCertify	2026-10-14

Published writing: The Crowned One | Paperback, October 11, 2026.
