Military Courses

Military Course ID	ACE Identifier / Course Title / Location-Description-Credit Areas	Dates Taken	ACE Credit Recommendation	Level
750-BT	**AR-2201-0399 V01** 01-AUG-1997 to 25-SEP-1997 **Basic Combat Training:** Upon completion of the course, the recruit will be able to demonstrate general knowledge of military organization and culture, mastery of individual and group combat skills including marksmanship and first aid, achievement of minimal physical conditioning standards, and application of basic safety and living skills in an outdoor environment.			
	• First Aid		1 SH	L
	• Marksmanship		1 SH	L
	• Outdoor Skills Practicum		1 SH	L
	• Personal Physical Conditioning		1 SH	L
	(10/00)(10/00)			
662-52C10	**AR-1701-0003 V02** 30-SEP-1997 to 17-DEC-1997 **Utilities Equipment Repairer:** Ordnance Mechanical Maintenance School Aberdeen Proving Ground, MD Upon completion of the course, the student will be able to apply the basic concepts of electricity and refrigeration to service, repair, and maintain air conditioning, ice making, halon, heating, and refrigeration equipment; and meet certification requirements for sections 608 and 609 of the Clean Air act of 1990.			
	• Basic Air Conditioning And Refrigeration		3 SH	L
	• Electricity Basics		2 SH	L
	• Service And Repair Of Refrigeration And Air Conditioning Equipment		3 SH	L
	(8/03)(8/03)			

4C-F59/160-F39 **AR-2201-0568 V02** 28-SEP-2009 to 09-OCT-2009
Local COMSEC Management Software (LCMS) Workstation Operator:
Signal School
Ft Gordon GA

Upon completion of the course, the student will be able to operate and manage the local communication security (COMSEC) management software (LCMS) workstation and associated platform for the purpose of encrypting data communications.

- Credit Is Not Recommended 0 SH L

(5/10)(7/15)

3C-35E/351L/244 **AR-1728-0197 V02** 26-JUL-2010 to 09-DEC-2010
Counterintelligence Special Agent:
Intelligence School
Ft Huachuca AZ

Upon completion of the course, the student will be able to understand basic intelligence terminology, intelligence history, and current practices; interpret counterintelligence law and practices; recognize acts of subversion, espionage, and terrorism; conduct counterterrorism operations, information collection management, interviews and interrogations, surveillances, report writing, and court testimony.

- Court Processes 3 SH L
- Criminal Evidence 3 SH L
- Criminal Investigation 3 SH L
- Criminal Justice 2 SH L
- Procedural Criminal Law 3 SH L
- Technical Report Writing 3 SH L
- Terrorism 2 SH L

(6/10)(4/17)

244-35L30-C45 **AR-1728-0155 V02** 07-JUN-2011 to 20-JUL-2011
Counterintelligence Agent Advanced Leader:
NCO Academy
Ft Huachuca AZ

Upon completion of the course, the student will be able to apply counterintelligence agent functions and supervise counterintelligence tasks; manage sources of information; apply analytical methods during espionage, sabotage, and subversion investigations; and comprehend, supervise, and manage counterintelligence operations, collections, and investigations relative to current threats to US National security interests posed by the Foreign Intelligence services.

- Contemporary Counterintelligence Investigations 3 SH L
- Fundamentals Of Counterintelligence Operations 3 SH L

(6/10)(6/10)

1-250-C49-1 (DL) **AR-0702-0030 V01** 05-MAR-2012 to 05-SEP-2012
Structured Self Development (SSD) I:
SGM Academy - Structured Self Development
Ft Bliss, TX

Upon completion of the course, the student will be able to take ownership of learning using Self Development (SDLP) principles; identify principles of effective management and military leadership philosophy; and conduct various military related tasks.

- Leadership 1 SH L
- Military Science 2 SH L

(12/10)(12/10)

1-250-C49-3 (DL) **AR-0702-0031 V01** 06-SEP-2012 to 27-SEP-2012

Structured Self Development (SSD) III:
SGM Academy - Structured Self Development
Ft Bliss, TX

Upon completion of the course, the student will be able to conduct various military related tasks; develop various military related programs; supervise various military related activities; and engage in various leadership activities.

- Leadership 1 SH L
- Military Science 2 SH L

(12/10)(4/14)

1-250-C49-4 (DL) **AR-0702-0032 V01** 01-JUL-2012 to 30-SEP-2012
Structured Self Development (SSD) IV:
SGM Academy - Structured Self Development
Ft Bliss, TX

Upon completion of the course, the student will be able to evaluate and manage various military related activities; critique and validate various military related activities; and develop various military - related programs.

- Leadership 1 SH U
- Military Operations 2 SH U

(6/11)(4/14)

1-250-C49-4 (DL) **AR-0702-0032 V01** 30-SEP-2012 to 01-OCT-2012
Structured Self Development (SSD) IV:
SGM Academy - Structured Self Development
Ft Bliss, TX

Upon completion of the course, the student will be able to evaluate and manage various military related activities; critique and validate various military related activities; and develop various military - related programs.

- Leadership 1 SH U
- Military Operations 2 SH U

(6/11)(4/14)

AMMO-62-OS **AR-0802-0036 V01** 03-JUN-2013 to 14-JUN-2013
Technical Transportation of Hazardous Material:
Ammunition School
McAlester OK

Upon successful completion of this course, the student will be able to demonstrate the skills and knowledge necessary to comply with the regulations affecting all U.S. domestic and international modes of shipping hazardous materials; understand the requirements for transporting hazardous materials, explosives, or ammunition by land (highway and rail), air (commercial and military), and water (shipping vessels) in accordance with the 49 Code of Federal Regulations (CFR), 40 CFR, Military Standard 129N, IMDG Code, and Air International Regulations.

- Hazardous Materials Transportation 4 SH L

(5/07)(3/21)

Military Experience

Occupation ID	ACE Identifier Title Description-Credit Areas	Dates Held	ACE Credit Recommendation	Level

52C10 Primary **MOS-52C-005** 01-JUN-1997
Utilities Equipment Repairer:

Supervises or performs maintenance on refrigeration equipment, air conditioning units, multifuel forced air heaters, high-pressure air compressors, gasoline and diesel engines, and electrical motors. Maintains primarily equipment

that does not require disassembly for repair; maintenance duties may include some system or equipment disassembly.

- Credit may be granted on the basis of an individualized assessment of the student — 0 SH — L

Credit may be granted on the basis of an individualized assessment of the student.

(7/88)(7/88)

45K10 Primary **MOS-45K-004** 01-AUG-1997

Armament Repairer:

Performs direct support and general support maintenance and repair on turret mechanisms and weapons of tanks, cupolas, and similar material. Maintains and repairs mechanical and hydraulic turret mechanisms and weapons; replaces bearings; cleans and repairs parts; removes and disassembles components for repair; uses precision instruments and hand tools; traces circuits and analyzes electrical problems using schematic diagrams.

- Credit may be granted on the basis of an individualized assessment of the student — 0 SH — L

Credit may be granted on the basis of an individualized assessment of the student.

(3/92)(3/94)

52C20 Primary **MOS-52C-006** 01-JUN-2004

Utilities Equipment Repairer:

Supervises or performs maintenance on refrigeration equipment, air conditioning units, multifuel forced air heaters, high-pressure air compressors, gasoline and diesel engines, and electrical motors. Maintains primarily equipment that does not require disassembly for repair; maintenance duties may include some system or equipment disassembly.
Supervises four or five subordinates; supervises maintenance and performs repairs requiring system disassembly, replacing of parts, and rebuilding; performs basic record keeping tasks; writes proficiency reports.

- Credit may be granted on the basis of an individualized assessment of the student — 0 SH — L

Credit may be granted on the basis of an individualized assessment of the student.

(6/99)(6/99)

63B20 Duty **MOS-63B-006** 01-NOV-2007

Wheel Vehicle Mechanic:

Diagnoses malfunctions and performs and supervises corrective maintenance on diesel engines and power generating units, including accessories, power trains, and chassis components of wheel vehicles; adjusts operating mechanisms such as governors, control linkage, clutches, brakes, suspension, and steering; performs tune-up; recommends appropriate power generating equipment to accommodate specific electrical loads; operates wreckers. Able to perform the duties required for Skill Level 10; provides supervision and technical guidance to subordinates; conducts on-the-job training; completes maintenance forms and records; troubleshoots to component level; isolates and identifies causes of malfunctions; uses electronic scanners; interprets complex schematic diagrams.

- Credit may be granted on the basis of an individualized assessment of the student — 0 SH — L

Credit may be granted on the basis of an individualized assessment of the student.

(2/03)(2/03)

63B30 Duty **MOS-63B-006** 01-MAY-2008

Wheel Vehicle Mechanic:

Diagnoses malfunctions and performs and supervises corrective maintenance on diesel engines and power generating units, including accessories, power trains, and chassis components of wheel vehicles; adjusts operating mechanisms such as governors, control linkage, clutches, brakes, suspension, and steering; performs tune-up; recommends appropriate power generating equipment to accommodate specific electrical loads; operates wreckers. Able to perform the duties required for Skill Level 20 of MOS 63B, 63S (Heavy Wheel Vehicle Mechanic), or 63Y (Track Vehicle Mechanic); plans and organizes work schedules; assigns duties; performs operational and administrative duties; instructs and supervises subordinates in appropriate practices, procedures, and safety.

• Automotive Electrical Systems if progressed to 63B30 from 63B20	3 SH	L
• Basic Shop Skills if progressed to 63B30 from 63B20	3 SH	L
• Brake Systems if progressed to 63B30 from 63B20	3 SH	L
• Computer Applications if progressed to 63B30 from 63B20	3 SH	L
• Diesel Engine Fundamentals if progressed to 63B30 from 63B20	3 SH	L
• Diesel Engine Performance if progressed to 63B30 from 63B20	3 SH	L
• Diesel Fuel Systems if progressed to 63B30 from 63B20	3 SH	L
• Electrical Systems if progressed to 63B30 from 63B20	3 SH	L
• Heavy Duty Brake Systems if progressed to 63B30 from 63B20	3 SH	L
• Heavy Duty Drive Trains if progressed to 63B30 from 63B20	3 SH	L
• Mechanical Blueprint Interpretation if progressed to 63B30 from 63B20	2 SH	L
• Principles Of Supervision if progressed to 63B30 from 63B20	3 SH	L
• Suspension And Steering Systems if progressed to 63B30 from 63B20	3 SH	L
• Technical Mathematics if progressed to 63B30 from 63B20	3 SH	L

If the student progressed from 63B20, additional credit is recommended at the lower-division level: 3 semester hours in automotive electrical systems, 3 in diesel engine fundamentals, 3 in diesel engine performance, 3 in heavy duty brake systems, and 3 in steering and suspension systems. If the student progressed from 63S20, additional credit is recommended at the lower-division level: 3 semester hours in diesel fuel injection systems, 3 in electrical systems, 3 in brake systems, 3 in heavy duty drive trains, and 3 in diesel engine fundamentals.

(2/03)(2/03)

MOS-35L20 **NONE ASSIGNED** 01-DEC-2010
Primary

Counter Intelligence Agent:

Plans and conducts CI investigations of national security crimes. Conduct liaison and operational coordination with foreign, and U.S. law enforcement, security, and intelligence agencies. Apply fundamentals of military and civil law. Detects, identifies, counters, exploits and neutralizes AFIST threats to Army and DoD equities. Conduct CI collection activities and source operations to include overt collection, surveillance and non-technical operations. Provides support for CI analytical products, to include preparation of CI reports, estimates, threat assessments and vulnerability assessments.

- None

MOS-91C20 **NONE ASSIGNED** 10-DEC-2010
Secondary

Utilities Equipment Repairer:

Maintains (inspects, repairs, tests and adjusts) gasoline engine systems, bottle cleaning/charging stations, air conditioner electrical systems, air conditioner vapor systems, refrigeration unit electrical systems, portable heater fuel/electrical systems, fire extinguisher recharger and fire extinguishers/valves. Supervises lower grade Soldiers and provides technical guidance to the Soldiers in the accomplishment of their duties.

- None

NONE ASSIGNED -- Occupation not evaluated by ACE or not evaluated during the time frame held by service member.

College Level Test Scores

NONE

Exams taken after 31 October 2011 may have recommended college credit via the ACE National Guide. Go to https://www.acenet.edu/National-Guide/Pages/Seeking-Credit.aspx to order your National Guide Transcript with the Test Score Credit.

Other Learning Experiences

This section provides a record of the service member's learning experiences that do not have credit recommended for one or more of the following reasons:

(1) Course has not been evaluated by ACE.
(2) Class attendance dates were not recorded in the service member's record.
(3) Course was not completed during the ACE evaluation period.
(4) Course was not evaluated by ACE at this specific location.

JST Official Transcript Explanation

The American Council on Education (ACE) is the nation's unifying voice for higher education. ACE serves as a consensus leader on key higher education issues and seeks to influence public policy through advocacy, research, and program initiatives. ACE's Military Programs evaluates formal service courses and occupations approved by a central authority, employing the services of teams of subject-matter specialists from colleges and universities (professors, deans, and other academicians) that, through the discussion and the application of evaluation procedures and guidelines, reach consensus on content, description, and amount of credit to be recommended for selected courses and occupations. For comprehensive information on the ACE Military Evaluation process, consult the Course and Occupation Evaluation Systems, described in the online Guide to the Evaluation of Educational Experiences in the Armed Services at: http://www.acenet.edu/higher-education/topics/Pages/College-Credit-for-Military-Service.aspx).

ACE, the American Association of Collegiate Registrars and Admissions Officers (AACRAO), and the Council for Higher Education Accreditation have developed a set of guidelines contained in the Joint Statement on the Transfer and Award of Credit (http://www.acenet.edu/news-room/Pages/Joint-Statement-on-the-Transfer-and-Award-of-Credit.aspx) that are intended to serve as a guide for institutions developing or reviewing policies dealing with transfer, acceptance and award of credit for courses and occupations completed in a variety of institutional and extrainstitutional settings, including the military. More information on guidelines for awarding credit for courses and occupations appearing on JST transcripts is contained in The AACRAO 2003 Academic Record and Transcript Guide.

Service members may request copies of JST transcripts directly from the Operation Centers at https://jst.doded.mil. ACE does not issue these transcripts or make any adjustments to missing or incorrect information contained in them. Service members must contact the respective service specific Operations Centers for adjustments or corrections to the transcripts. Colleges and universities may also receive web-based official copies of these documents by contacting the JST Operations Center at jst@doded.mil.

Understanding JST Transcripts

The full exhibit and description for courses and occupations listed on JST transcripts can be found in the Guide to the Evaluation of Educational Experiences in the Armed Services which is available only online at: (http://www.acenet.edu/news-room/pages/military-guide-online.aspx) and updated on a daily basis as new courses and occupations are evaluated for recommended credit.

Key to transcript terms:

Military Course ID - This is the number the military service has assigned for this particular course.

SH - Semester hours.

ACE Identifier - The number ACE assigns a particular course. Courses are identified by a 2-letter prefix that designates the military service (AF - Air Force, AR - Army, CG - Coast Guard, DD - Department of Defense, MC - Marine Corps, and NV - Navy), followed by a unique eight-digit course identifier.

ACE Credit Recommendation is listed in semester hours, in the following categories:

V = Vocational; L = Lower level (freshman or sophomore level); U = Upper level (Junior or Senior Level); G = Graduate level.

Dates Taken/Dates Held - Courses and occupations will normally have a start and end date that will show the time period the course was completed or the occupation was held.

Location - Valid location(s) where the course was completed.

Occupational Codes:

Army MOS:

MOS - Army MOS has 5 digits. The first 3 digits identify the occupational specialty and the last 2 digits identify the skill level (E1-E4 = skill level10; E5 = skill level 20; E6 = skill level 30; E7 = skill level 40; E8 - skill level 50; E9 = skill level 60).

Navy Rates and Ratings:

NER - Navy enlisted rates are occupation identifications assigned to personnel at paygrades E-1 to E-9. Each general rate involves the performance of entry-level tasks and leads to one or more ratings. Career patterns from recruit to master chief petty officer are identified by 4 to 5-digit codes.

NEC - The NEC Structure supplements the Enlisted Rating Structure by identifying skills requiring more specific identification than that provided by general rates and ratings and that are not rating-wide requirements. Selected NECS have been evaluated by ACE to date.

LDO, NWO - Limited Duty Officer, Navy Warrant Officer - Technical officer specialists who perform duties that are technically oriented, with skills acquired through experience and training that are limited in scope to other officer categories. These specialties are normally identified by 4 digits, each successively providing more precise identification of the individual holder.

Marine Corps:

MCE - an MOS has 4 digits and a descriptive title; the first 2 digits normally describe the occupational field and the last 2 digits identify the promotional level and specialty within the occupation.

MCO - officer MOS.

Coast Guard:

CGA - Coast Guard officer aviation competencies.

CGR - Enlisted rating structure used for classified enlisted personnel and qualifications, with career levels from recruit to master chief petty officer.

CGW - Coast Guard Warrant Officers are technical officer specialists who perform duties that are technically oriented and acquired through experience and training that is limited in scope and relation to other officer categories.

MATMEP - Maintenance Training Management and Evaluation Program, a standardized, documentable, level-progressive, technical skills management and evaluation program for enlisted aviation technical maintenance training. The Summary sheet submitted by the service member lists the current level of training completed and should be used by the evaluator to verify the attained level in awarding credit.

DANTES - The Defense Activity for Non-Traditional Education Support maintains the educational records of the service members who have completed DANTES subject Standardized Tests (DSSTs), CLEP examinations, and GED tests. For examinations administered at military installations, results of these tests may appear on JST transcripts for consideration in the award of the recommended credit. However, individual colleges and universities may reserve the right to request official scores directly from ETS or DANTES, to confirm completion of these exams and the credits recommended.

COLLEGE LEVEL EXAMINATION PROGRAM (CLEP) - The College-Level Examination Program or CLEP provides students of any age with the opportunity to demonstrate college-level achievement through a program of exams in undergraduate college courses. There are 2,900 colleges that grant credit and/or advanced standing for CLEP exams.
